

Errol & Iris

~~

Take a Holiday

One day Errol came home with a big bonus for his work on the Forbisher account.

Iris said, “I have an idea. Let’s go on a holiday!”

It doesn’t take Errol and Iris very long to pack.

Soon they are on the road!

ON THE ROAD . . .

Errol pulls over because he thinks he missed a turn.

Iris is not sure. She hasn't been able to see anything since they left Yellowknife.

IN THE MOUNTAINS . . .

Errol thinks the col traverse
requires crampons.

Iris tells him not to
wuss out.

ON THE RANGE . . .

Errol sees smoke-signals up on the rimrock.

Iris is trying to remember if she turned off the iron before they left home.

AT THE BEACH . . .

“Dude!

Where are you going with my board?”

IN THE LAB . . .

All too soon, it's time to get
back to work..

Errol helps Iris in the lab.

“Oh, Nurse . . .”
